
Tsing Hua Lectures Geometry Analysis

introduction - facultyth.tsinghua - lectures on heat equations and related li ma to my beloved family abstract. this is a revised version of my lecture notes for the ... geometry. we shall concentrate to various estimates for positive solutions to elliptic and heat equations. applications of the maximum **tsinghua university mathematical sciences center newsletter** - monumental influence to geometry and topology. i-k hua is famous for his fundamental contribution in number theory, algebra and analysis. p-l hsu is ... chia-chiao lin distinguished lectures. in summer 2014, it will host "60 years of calabi conjecture -- a **geometric analysis and from the ams** - tsing hua lectures on geometry & analysis shing-tung yau, harvard university, cambridge, ma, editor this book presents lectures given during a seminar organized by s.-t. yau at tsing hua university (taiwan). included are lectures by experts in the field and students who studied under yau. **contributions on mean curvature flow - unibo** - 12. , lectures on geometric evolution equations, tsing hua lectures on geometry & analysis (hsinchu, 1990- ... lectures on mean curvature flow 4 21. , evolution of curves and surfaces by mean curvature, proceedings of the international congress of mathematicians, vol. i (beijing, 2002), 2002, pp. 525-538. **tsinghua university mathematical sciences center newsletter** - tsinghua university mathematical sciences center newsletter issue winter 2013 1212 ... geometry, poisson geometry and mathematical physics. recently, his research ... hsu distinguished lecture and loo-keng hua distinguished lecture at the end of october and **a combinatorial trace formula - ucsd mathematics** - a combinatorial trace formula f. r. k. chung university of pennsylvania ... many areas of number theory, representation theory and geometry. we start with a general graph with any specified set of edges. therefore the trace formula we consider is ... this paper has appeared in tsing hua lectures on geometry and analysis, (ed. s.-t. yau ... **prof. dr. gerhard huisken: list of publications(january 2014)** - 22. huisken, gerhard . lecture three: an evolution equation for the isoperimetric problem. tsing hua lectures on geometry & analysis (hsinchu, 1990-1991), 131-136, int. press, **curriculum vitae - math.uci** - curriculum vitae peter wai-kwong li november, 2014 department of mathematics home: (949) 854-9321 ... advanced lectures in mathematics, 7, beijing (2008) co-editor (with lizheng ji, richard schoen, and leon simon), **handbook of geometric analysis, vol. ii ... geometry conference, national tsing hua university, taiwan june 1992, lecture series ... notes for lectures at tsinghua daxue version 2** - notes for lectures at tsinghua daxue version 2 semyon dyatlov abstract. these are very schematic notes for lectures given at tsinghua in july ... geometry of hyperbolic surfaces i consider a hyperbolic surface, that is a complete connected oriented riemannian ... notes for lectures at tsinghua, v2 3 follows: one starts with a compact hyperbolic ... **homework exercises for the course of kaehler - geometry**" for about more than 6 pages of type a4. deadline for this re- ... canonical metrics in kaehler geometry, lectures in mathematics ethz, birkhauser verlag, 2000. [7] yau, s.t., on the ricci curvature of a compact kaehler manifold and the complex monge-ampere equation i, cpam, 31, 1978. **curriculum vitae tien-yien li - usersthu** - b.s. national tsing hua university, taiwan, june 1968 ph.d. university of maryland, august 1974 ... 6/11/85 invited touring lectures at 12 institutions in the people's-7/22/85, republic of china 2/6/86, university of chicago, chicago, illinois ... workshop on geometry and symmetry in numerical computation, colorado state university, fort ... **physics abstracts - tsinghua university** - 0240 geometry, differential geometry, and topology(0400 relativity and gravitation) 0250 probability theory, stochastic processes, and statistics(0500 statistical physics) 0260 numerical approximation and analysis 0270 computational techniques(for data handling and computation, see 0650) **curriculum vitae jon wolfson - usersthu** - lecturer (three lectures), international workshop in geometry, national center for theoretical science, tsing hua university, hsinchu, taiwan, june-july 2000. mini-workshop on geometric analysis, the chinese university of hong kong, hong kong, june 2001. global theory of minimal surfaces, 2001 clay mathematics institute **msc lecture: the geometry and topology of coxeter groups** - msc lecture: the geometry and topology of coxeter groups michael w. davis november 19, 2013 abstract these notes are intended as an introduction to the theory of cox-eter groups. they closely follow my talk in the lectures on modern mathematics series at the mathematical sciences center in tsinghua university on may 10, 2013.
